Re: Ex Parte Notice

WT Docket No. 05-265, In the Matter of Reexamination of Roaming Obligations of Commercial Mobile Radio Service Providers Automatic and Manual Roaming Obligations Pertaining to Commercial Mobile Radio Services

Dear Ms. Dortch:

Yesterday the Computer & Communications Industry Association (CCIA), represented by Catherine R. Sloan, Vice President of Government Relations, and Phillip Berenbroick, Public Policy and Regulatory Counsel, met with Jim Schlichting and Mese Guendelsberger of the Wireless Telecommunications Bureau to discuss matters related to the above-named proceeding.

Specifically, CCIA articulated its support for adoption of an automatic data roaming obligation. CCIA emphasized its position that the Commission should focus on the actual service being provided by the roaming partner. Additionally, CCIA stressed that the Commission should not classify the wholesale, carrier-to-carrier data roaming service as a private mobile radio service.

This disclosure is made pursuant to 47 C.F.R. § 1.1206.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Phillip Berenbroick". The signature is fluid and cursive, with the first name "Phillip" written in a larger, more prominent script than the last name "Berenbroick".
